[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[LCFF Evaluation Rubrics](#) [Note: this text will be hyperlinked to the LCFF Evaluation Rubric web page when it becomes available.]: Essential data to support completion of this LCAP. Please analyze the LEA’s full data set; specific links to the rubrics are also provided within the template.

LEA Name	Mattole Valley Charter (#159)		
Contact Name and Title	Shari Lovett, Assistant Superintendent	Email and Phone	slovett@mattolevalley.org , (707)445-2660

2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Mattole Valley Charter School (MVCS) is a dependent charter school sponsored by Mattole Unified School District. MVCS serves students in Humboldt County and the four counties contiguous to it - Mendocino to the South, Del Norte to the North, and Trinity and Siskiyou to the East. Approximately 680 students in grades TK through 12 attend MVCS, and they reside over 18,715 square miles of rugged coastal and inland mountainous terrain. Fifty eight percent of the students live in Humboldt County, twenty-five percent reside in Siskiyou County, fourteen percent live in Mendocino County, and about four percent live in Trinity County. Presently, we do not serve any students that reside in Del Norte County. All five of the counties serving MVCS students are rural with economic systems originally based on natural resource extraction. The student demographics are as follows: 72% White, 11.8% Hispanic, 7.6% Two or More Races, 6.1% American Indian, 1.3% African American, and 1% Other. 1% of our students are English Learners, 69% of our students are Socioeconomically Disadvantaged, 12% are students with Special Education services.

Mattole Valley Charter School opened on September 17, 1998 with the goal of serving students seeking a non-traditional educational setting. Students and their families, looking for alternatives to the traditional educational setting, have chosen Mattole Valley Charter School for the following reasons: flexible school schedule, small learning environment, social atmosphere, special education services, graduation credit deficiencies, personalized learning opportunity, small teacher-to-student ratio, individualized pacing.

Mattole Valley Charter School’s purpose, since its inception, has been to meet each family’s unique individualized educational need for their student through respect and understanding of flexibility and an aspiration to use resources creatively. This principle is soundly reflected in MVCS’s Mission Statement and has always been held forth as a vision for the entire school community.

Mission Statement:

MVCS believes in honoring individual education choices. For this reason, it is committed to providing an innovative public education environment for students, their parents, and teachers by empowering them to collaboratively create learning opportunities which will develop responsible and contributing members of society. MVCS believes in giving students, parents, and teachers the freedom to make responsible and effective decisions and implement educational plans by providing them with multiple tools, resources, and programs. MVCS believes that the selection of educational plans and opportunities is the right of parents and students with the support of their teachers.

Because of MVCS's goal of meeting families' needs in a way that is more personalized in nature, the educational programs reflect a spectrum of possibilities, including an independent study model in which parents provide most of the instruction with the credentialed teacher acting as advisor and meeting with the family a minimum of once per learning period, typically in the student's home; a hybrid independent study model in which students meet with credentialed teachers more than once per learning period and attend individual small-group classes held at various learning centers or vendor sites with the parent and teacher sharing instructional activities; an independent study model where students attend the majority of their instructional time at a learning center and are primarily instructed by highly qualified credentialed teachers. With the range of options and the freedom to custom-design a program that lies within those options, the staff at MVCS believe they can appropriately honor individual education choices while meeting each individual student's needs.

Experience has shown that because MVCS serves a large geographical area, establishing regional learning centers has best met the needs of our families and students. The scope of involvement that these learning centers offer varies. Some centers may give a student the option of attending classes on a college-like schedule while others may offer a more traditional schoolroom experience. In some instances, a learning center may be the only location in which the monthly, one-on-one meeting with the instructor takes place. Currently MVCS has thirteen learning centers, all offering their own individualized programs.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The 2016-2017 LCAP the main focuses were hiring tutors for an increase in one-on-one tutoring and small group instruction. Also, highly qualified teachers were hired to reduce student to teacher ratios. Teachers with EL certification or CLAD authorizations were employed to work with EL students.

A counselor and counseling technician were employed to work with students and staff in college and career counseling and social/emotional counseling. An EL coordinator was employed to work with students who are English learners and staff who work with those students, including administering the CELDT assessment.

Additional common core curriculum was purchase for mathematics, as well as common core curriculum for English/language arts. Staff participated in professional development in order to improve instruction. PBIS and AVID were expanded school-wide and additional technology was purchased and embedded into instruction.

Supplies were purchased for students in the unduplicated count. This included backpacks and other school supplies. Gas reimbursement, bus tickets, internet and computers were also all purchased for students in the unduplicated count.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

Even though the academic performance indicators are yellow for all students, the change aspect shows we are headed in the right direction. Our graduation rate, our English/Language Arts and our Mathematics indicators all show increases in change. Of particular note is the increase in the graduation rate of Hispanic and the socioeconomically disadvantaged students. These groups increased significantly.

Another success story is our dramatic increase in stakeholder input. In the 2015-2016 school year, 9 parents completed our LCAP Survey. As of April 11th, there were 95 parent responses.

Based on stakeholder feedback, AVID and PBIS has been very successful in perceived increases in student achievement and school climate.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

The students with disabilities and Native American subgroups show a performance gap compared to all students in suspension rate and mathematics indicator. Students with disabilities fall in the red performance level in mathematics and an orange for suspension rate. Native American students also fall into the orange performance level for suspension rate.

Though the indicator of mathematics falls within the yellow level, Mattole Valley Charter School plans on taking measures to address this particular performance indicator. Based on stakeholder feedback, additional tutors will provided to support students in this area. Plans are in progress to develop a comprehensive RTI program with extensive Tier II interventions.

Finally, the suspension rate increased for all groups. As a result, PBIS will continue to be emphasized by additional professional learning for staff. Also, the new SST process being implemented will include behavioral components. The counselor will continue to work with students at high risk of being suspended.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

Students with disabilities fall in the red level in the mathematics indicator. This is two levels below the level for all students. In order to address these performance gaps, Mattole Valley Charter School plans to increase our number of qualified tutors, increase our time offering direct instruction in math, employ two math content area specialists to oversee the math intervention portion of our RTI procedure.

The graduation rate for students with disabilities also declined significantly.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

See LCAP Highlights

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$6,600,264
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$5,259,840

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

- Audit fees - \$8,400 - 5822
- Legal fees - \$7,500 - 5823
- Advertisement - \$1,550 - 5831
- Fingerprinting fees - \$500 - 5861
- Postage - \$5,750 - 5909
- Certificated supervisors- \$135,717 – 0000/7200
- Liability insurance - \$60,000 - 5450
- Telephone communications - \$18,000 - 5909
- Telephone lines/technology - \$25,800 - 5922
- Heating fuel - \$6,400 - 5510
- Electricity - \$28,500 - 5520
- Water services - \$2,500 - 5530
- Bottled water - \$575 - 5531
- Waste disposal - \$3,550 - 5560
- Equipment rental - \$10,610 - 5623
- Coordinators - \$116,800 – 1192/2700
- Account technicians - \$265,227 – 1192/2700
- Clerical technicians - \$262,029 – 1192/2700
- 1192/2700 combined benefits (3000s) - \$261,760

\$5,965,335

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action **1**

Actions/Services	<p>PLANNED Employ highly qualified teachers</p>	<p>ACTUAL There were 23 teachers employed by Mattole Valley Charter School with a total of 20.04 FTE.</p>
Expenditures	<p>BUDGETED \$1,449,163 - Base - 1100 & 3000</p>	<p>ESTIMATED ACTUAL \$1,449,190</p>

Action **2**

Actions/Services	<p>PLANNED Purchase CCSS aligned curriculum as it becomes available</p>	<p>ACTUAL State-adopted ELA and ELD curriculum was purchased during the 2016-2017 school year. Curriculum was purchased by several publishers: Cengage Learning (National Geographic Reach for Reading), Amplify, Collegeboard and Center for the Collaborative Classroom. The number of pieces purchased per grade level is: K - 352, 1st - 269, 2nd - 392, 3rd - 197, 4th - 292, 5th - 299, 6th - 347, 7th - 43, 8th - 65. Renaissance Learning curriculum was purchased this year and teachers received professional learning on administering the STAR Math and STAR Reading assessments to use as a formative assessment during the school year.</p>
Expenditures	<p>BUDGETED \$20,000- Sup/Con - 4110</p>	<p>ESTIMATED ACTUAL \$20,025 \$17,083 – This was for the additional expense involved in bringing in the Renaissance Learning curriculum.</p>

Action **3**

Actions/Services	<p>PLANNED Provide professional development for teachers in core academic areas, including CCSS and AVID</p>	<p>ACTUAL We had 179 teachers spend a total of 2,390 hours involved in professional learning of common core and 229 teachers spent 1,987 hours involved in other professional learning. (Please note that some</p>
------------------	---	---

	teachers took multiple trainings, thus the large number of teachers.)
--	---

Expenditures	BUDGETED \$35,000- Base/Educator Effectiveness Funds -5210 & 6264	ESTIMATED ACTUAL \$36,959
--------------	---	-------------------------------------

Action **4**

Actions/Services	PLANNED Administer CAASPP, CAHSEE, EAP, SAT, PSAT and ACT	ACTUAL The CAASPP, including the EAP, and the SAT and PSAT were administered. Due to recent legislation, the CAHSEE is no longer being administered. Stakeholders have given feedback that the ACT is not relevant to our students.
------------------	---	---

Expenditures	BUDGETED Costs are included in action/service regarding employing highly qualified teachers	ESTIMATED ACTUAL Costs are included in action/service regarding employing highly qualified teachers
--------------	---	---

Action **5**

Actions/Services	PLANNED Employ school counselors for academic, career, college and social/emotional counseling	ACTUAL One full time counselor was hired. She focuses on academic, college and career and social/emotional counseling.
------------------	--	--

Expenditures	BUDGETED \$77,697 - Sup/Con – 2000 & 3000	ESTIMATED ACTUAL \$78,936
--------------	---	-------------------------------------

Action **6**

Actions/Services	PLANNED Employ instructional aides to support core academic areas	ACTUAL A total of 20 instructional aides were employed to assist students.
------------------	---	--

Expenditures	BUDGETED \$215,134 - Sup/Con – 2100 & 3000	ESTIMATED ACTUAL \$164,488
--------------	--	--------------------------------------

Action **7**

Actions/Services	PLANNED Provide backpacks, school and home supplies for students within the unduplicated count	ACTUAL Backpacks, school supplies and home supplies were purchased for students in the unduplicated count.
Expenditures	BUDGETED \$50,000- Sup/Con - 4310	ESTIMATED ACTUAL \$40,500

Action **8**

Actions/Services	PLANNED Provide bus tickets and mileage reimbursement for student transportation	ACTUAL A total of 1,550 bus tickets were purchased for student use for transportation to school. Two families of students in the unduplicated count used the gas card a total of 5 times in order to have transportation to school.
Expenditures	BUDGETED \$2,500 - Sup/Con – 4364 & 5261	ESTIMATED ACTUAL \$3,050

Action **9**

Actions/Services	PLANNED Provide internet services for students without access	ACTUAL Internet services were provided for 5 students. Also, 5 Kajeet hot spots were purchased for student use.
Expenditures	BUDGETED \$2,500 - Sup/Con - 5922	ESTIMATED ACTUAL \$688

Action **10**

Actions/Services	PLANNED Provide laptops to access educational opportunities	ACTUAL During the course of the school year, 70 Chromebooks were purchased for student use. An additional 24 computers were loaned to students to use at
------------------	---	--

		home.
Expenditures	BUDGETED \$12,500 - Sup/Con - 4445	ESTIMATED ACTUAL \$7,363

Action **11**

Actions/Services	PLANNED Employ highly qualified teachers with EL certification to work with EL population.	ACTUAL An additional 7 teachers with EL certifications were employed to work with our EL population.
Expenditures	BUDGETED \$494,915 - Sup/Con – 1100 & 3000	ESTIMATED ACTUAL \$455,913

Action **12**

Actions/Services	PLANNED Offer all information in variety of languages and allow for opportunity for EL parents to give feedback about EL programs	ACTUAL All forms are available in Spanish. This includes SELPA forms and school forms. A volunteer interpreter is used for parent feedback meetings.
Expenditures	BUDGETED \$50 - Sup/Con - 5804	ESTIMATED ACTUAL \$0

Action **13**

Actions/Services	PLANNED Administer CELDT test in contiguous counties	ACTUAL The CELDT coordinator administered the CELDT test to 15 students in three counties.
Expenditures	BUDGETED \$500 - Sup/Con - 5201	ESTIMATED ACTUAL \$283

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

<p>Describe the overall implementation of the actions/services to achieve the articulated goal.</p>	<p>This was the pilot year for the implementation of the Renaissance Learning formative assessment program. All teachers were trained in the STAR Math and STAR Reading assessments. These assessments were given at the beginning of the school year and again at the end of the first semester. Growth reports were analyzed in order to guide instruction and intervention. This intervention is designed to close the achievement gaps. According to staff feedback, these growth reports are a valuable resource and refining how to use them when students present academic problems continues. Additionally, work began and concluded on an extensive overhaul of the SST process, as well as a reimagining of a comprehensive RTI program with specific Tier II interventions. This RTI program will be introduced in the 2017-2018 school year. The RTI system is designed to improve student performance outcomes in the core academic areas. One of our greatest challenges to reaching our goal continues to be our non-classroom based, personalized learning model. Because our students receive instruction for some or all of their coursework in the home, being able to implement intervention services proves difficult. Offering internet and computers in the home, high quality instruction by well trained teachers, support by the academic counselor and supplying curriculum and supplies continues to contribute to the success of our students.</p>
<p>Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.</p>	<p>Though the English/Language Arts and mathematics performance levels are yellow, the actions and services related to this goal are contributing to an increased change in the status. For all students, the English/Language Arts indicator increased by 9.3 points and the mathematics indicator increased by 9.6 points. Drilling down into the CAASPP scores shows an increase in all students scoring in the Exceeds and Met Standards categories in mathematics and the Exceeds Standards in English/Language Arts. Native American students increased in Exceeds and Met Standards for English/Language Arts and Hispanic students increased in Exceeds and Met Standards in mathematics.</p>
<p>Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.</p>	<p>As noted in Goal 1 Actions/Services 2, Mattole Valley Charter School trained teachers in a formative assessment program, Renaissance Learning. This was an additional expense as it was not originally planned during the writing of the 2016-2017 LCAP. Also, as seen in Actions/Services 6, there was less expenditure for instructional aides than originally budgeted. This was due to a lack of applicants for instructional aide positions. The school will continue to hire aides in the 2017-2018 school year. Shown in Actions/Services 9 and 19, there was less expenditure on computers and internet for student homes as budgeted. This is due to a decrease in the number of students not associated with a learning center. More of our enrolled students now receive services and support at one of our learning centers where computers and internet is already provided. This leaves less of a need for students to have computers and internet provided for them in their homes. This need will vary from year to year, based on the pattern of our students' association with our learning centers.</p>
<p>Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.</p>	<p>As a result of the analysis of data from the Evaluation Rubrics on the mathematics indicator showing students with disabilities fall in the red performance level, a new outcome is added specifically focused on increasing the number of students with disabilities that score Exceeds Standards and Met Standards to provide additional focus for these students. (Change reflected in Goal 1, Outcomes) The mathematics content specialists will provide direct instruction to students with disabilities (see Goal 1 action 2).</p> <p>Additionally, based on the analysis of data from the Evaluation Rubrics on the mathematics and English/Language Arts indicator showing all students fall in the yellow performance level and based on stakeholder input in the LCAP Survey, an additional action/service is added for Tier II intervention tutors (See Goal 1 actions 9 and 14) and the employment of mathematics and English/Language Arts content area specialists (see Goal 1 action 2).</p>

Goal 2

Ensure that all Mattole Valley Charter School students have ready access and ample opportunity to learn in environments that reflect 21st century learning.

State and/or Local Priorities Addressed by this goal:

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action **1**

Actions/Services

PLANNED	ACTUAL
Employ highly qualified teachers	There were 23 teachers employed by Mattole Valley Charter School with a total of 20.04 FTE.

Expenditures

BUDGETED	ESTIMATED ACTUAL
\$1,449,163 - Base - 1100 & 3000	\$1,449,190

Action **2**

Actions/Services	<p>PLANNED Integrate technology into instructional program in all grade levels and subjects</p>	<p>ACTUAL During the school year, 70 Chromebooks were purchased for student use. An additional 24 laptops were loaned to students to use at home. Internet service was provided at each learning center and at the home of 5 students. There were 5 Kajeet hot spots purchased for student use. Also, HERC services and Destiny Library are provided to all staff and students.</p>
Expenditures	<p>BUDGETED \$50,000 – Base & Lottery - 4453 & 4350</p>	<p>ESTIMATED ACTUAL \$3,839</p>

Action **3**

Actions/Services	<p>PLANNED Offer a broad range of courses including AP and A-G, including APEX courses</p>	<p>ACTUAL Several AP courses were offered. Also, APEX was used as a platform to offer online A-G curriculum.</p>
Expenditures	<p>BUDGETED \$13,000 - Lottery - 5800</p>	<p>ESTIMATED ACTUAL \$30,983</p>

Action **4**

Actions/Services	<p>PLANNED Offer college and career readiness opportunities, including broadening an AVID program</p>	<p>ACTUAL AVID was instituted schoolwide. An AVID district director was employed. Co-enrollment opportunities were offered all high school students.</p>
Expenditures	<p>BUDGETED \$100,000 - Sup/Con - 1100, 3000 & 5210</p>	<p>ESTIMATED ACTUAL \$75,133</p>

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

This was the pilot year for the implementation of AVID in the elementary grade levels. During the 2016-2017 school year, 6 elementary teachers participated in AVID professional learning and 7 secondary teachers participated in AVID professional learning. Three AVID electives were offered in Humboldt and Siskiyou counties. This intervention is designed to close the achievement gaps and to promote a college-going culture. According to staff feedback, AVID is a valuable resource and offers research-proven strategies and curriculum for our students. Additionally, we continued to purchase APEX curriculum. This is an online platform that offers an extensive list of A-G curriculum for our students. One of our learning centers, Lost Coast High, also served as a College of the Redwoods satellite facility. This allowed our students without ample transportation to participate in college courses without having to commute to the college. Mattole Valley Charter School continues to provide co-enrollment opportunities at Humboldt State University, College of the Redwoods and College of the Siskiyous. Additionally, obsolete computers continue to be replaced with newer models. These actions/services are designed to give students access and opportunity to gain 21st century learning. One of our greatest challenges to reaching this goal is that while students have access to all possible opportunities, they do not choose college preparatory coursework at the rate in which we would like. To address the potential barriers of enrolling in college preparatory coursework, we have been working with the John Gardner Center from Stanford University as part of our participation in the Post-Secondary Strengthening Collaborative. As barriers are discovered through a cycle of inquiry, actions will be taken to address the barriers.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Though the English/Language Arts and mathematics performance levels are yellow, the actions and services related to this goal are contributing to an increased change in the status. For all students, the English/Language Arts indicator increased by 9.3 points and the mathematics indicator increased by 9.6 points. Drilling down into the CAASPP scores shows an increase in all students scoring in the Exceeds and Met Standards categories in mathematics and the Exceeds Standards in English/Language Arts. Native American students increased in Exceeds and Met Standards for English/Language Arts and Hispanic students increased in Exceeds and Met Standards in mathematics. While the AP exam passing rate decreased, the number of students taking an AP exam increased. Also, common core implementation continues to be successful as evidence by the amount of common core curriculum purchased during the 2016-2017 school year.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

As seen in Goal 2 Actions/Services 2, there was less expenditure for technology than originally budgeted. This was due to our continued effort in maintaining updated computers and other devices over the last couple of years. Now, for the most part, additional technology is purchased for maintenance and not expansion. We have also switched to purchasing Chromebooks as opposed to laptops and Chromebooks tend to be less expensive per unit than laptops. Also, as noted in Actions/Services 3, Mattole Valley Charter School had additional expenses in curriculum purchased as originally planned during the writing of the 2016-2017 LCAP. This is due to the curriculum chosen being more costly than expected. Also, more curriculum was purchased than originally planned for.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Due to stakeholder feedback, participation rate for the ACT will be removed as a metric and outcome. Our stakeholders put a strong emphasis on the SAT rather than the ACT. Also, after analysis of the data for EAP, it was determined that a typo was made in the 2016-2017 LCAP. The wrong data was reported for the number of students scoring college prepared on the EAP. This is noted in the Outcome section of goal 2. Also, during this analysis, it was determined to add additional outcomes for the EAP to include students scoring ready and conditionally ready in both English/Language Arts and in mathematics. (Change reflected in Goal 2 Outcomes)

Goal 3

Improve school climate to promote and cultivate a positive, safe environment to support student engagement.

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action **1**

Actions/Services	<p>PLANNED Administer student satisfaction surveys</p>	<p>ACTUAL The student satisfaction survey was administered to all students on March 23rd. Students were given the opportunity to complete it through April 30th.</p>
Expenditures	<p>BUDGETED Costs are included in Goal 1, action/service regarding employing highly qualified teachers</p>	<p>ESTIMATED ACTUAL Costs are included in Goal 1, action/service regarding employing highly qualified teachers</p>

Action **2**

Actions/Services	<p>PLANNED Administer California Healthy Kids Survey, both the core and Humboldt County module, in all pertinent grades, in Humboldt County</p>	<p>ACTUAL The California Healthy Kids Survey was not given this year due to stakeholder feedback that the data was not useful or relevant to our unique four-county school.</p>
Expenditures	<p>BUDGETED \$750 - Base</p>	<p>ESTIMATED ACTUAL \$0</p>

Action **3**

Actions/Services	<p>PLANNED Phone parents when students are absent</p>	<p>ACTUAL Parents were contacted when students were absent from a class or missed a meeting with their teacher. In some cases the teacher phoned or texted and in other cases a phone messaging system was used.</p>
Expenditures	<p>BUDGETED Costs are included in action/service regarding employing highly qualified teachers</p>	<p>ESTIMATED ACTUAL Costs are included in action/service regarding employing highly qualified teachers</p>

Action **4**

Actions/Services	PLANNED Mail truancy notices and follow SARB procedures as needed	ACTUAL As of April 5, 2017 a total of 57 truancy notices were mailed. Of these 38 were the student's first truancy letters of the year and 19 were second truancy letters.
	BUDGETED \$350 - Base - 4352	ESTIMATED ACTUAL \$350 – This was actually taken from object 5950.

Action **5**

Actions/Services	PLANNED Hold Student Study Teams to meet the needs of students	ACTUAL As of April 5, 2017, a total of 43 SSTs in four counties were held in the 2016-2017 school year. These were coordinated by our school psychologist.
	BUDGETED \$16,000- Sup/Con – 1200 & 3000	ESTIMATED ACTUAL \$17,640 – This is from goal 3110.

Action **6**

Actions/Services	PLANNED Track attendance, graduation, suspension and expulsion rates	ACTUAL The attendance, suspension and expulsion rates were tracked at various times throughout the year. The attendance was tracked monthly. The graduation, suspension and expulsion rate was tracked once per semester.
	BUDGETED Costs are included in action/service regarding employing highly qualified teachers	ESTIMATED ACTUAL Costs are included in action/service regarding employing highly qualified teachers

Action **7**

Actions/Services	PLANNED Expand PBIS to additional learning centers and continue development of PBIS strategies at learning centers where PBIS has previously been instituted.	ACTUAL PBIS training was done for all staff in September. Those who had previously had training were given phase 2 and those who had not been previously trained were given phase 1. PBIS training continued for specific learning centers.
------------------	---	---

Expenditures

BUDGETED

\$20,000 - Sup/Con - 5210

ESTIMATED ACTUAL

PBIS was funded through the Educator Effectiveness Grant rather than supplemental/concentration. This was from objects 5201, 5205, 5207, 5209 and 5210.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Positive Behavioral Interventions and Supports has been implemented to promote a positive, safe climate for student engagement. PBIS was implemented school wide during the 2016-2017 school year. Half of the staff was trained in 2015-2016 and the remainder was trained during the 2016-2017 school year. A consultant was hired to lead this training. He met with the entire staff for two days in the fall and with select staff over the course of the school year. A PBIS site team met every other month over the course of the year. A PBIS school coordinator was employed to lead this team and move the implementation forward. According to stakeholder feedback, PBIS is proving to be very successful in creating a positive climate. The main challenge with this implementation is how to adapt it to meet the needs of our non-classroom based program. Because many students are not in a classroom on a regular basis, consistency of implementation can be difficult.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Despite the graduation rate indicator for all students being in the yellow performance level, the high school graduation rate increased for all students. According to the California School Dashboard, the graduation rate increased significantly for socioeconomically disadvantaged students, rising 11.8%. According to local data, the graduation rate for Hispanic students also increased. Due to an added focus on the importance of student satisfaction feedback, the Student Satisfaction Survey had a large increase in the number of students participating. The student reports were very positive. When asked if they feel safe at their school, 93.1% of K-5 th grade students said they feel safe, 92.9% of 6 th – 8 th graders said they feel safe and 95.2% of 9 th – 12 th graders said they feel safe. When asked if they were satisfied with their school/academic program, 100% of K-5 th graders said they were satisfied, 89.3% of 6 th – 8 th graders said they were satisfied and 85.7% of 9 th – 12 th graders reported that they were satisfied.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	When the 2016-2017 LCAP was written, money was budgeted for PBIS implementation, as noted in Goal 3 Actions/Services 7. However, PBIS implementation was funded through the Educator Effectiveness Grant. This grant money will be entirely expended by the end of the 2016-2017 school year so continued PBIS training will be funded through supplemental/concentration funds.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	<p>Stakeholder input resulted in Goal 3 and 4 being combined to create one new goal as they were seen to be so interrelated. This new goal is reflected in Goal 3 of the 2017-2018 LCAP.</p> <p>As a result of the analysis of data from the California School Dashboard on suspension rates showing an increase for all students and several subgroups, including a significant increase for Native American students, new outcomes will be added for suspension rates of subgroups. (Changes reflected in Goal 3 Outcomes). This same analysis of data resulted in additional professional development on Tier II interventions for behavior. (Changes reflected in Goal 3 Actions/Services 7 and in counseling services as seen in Goal 1 action 7.</p> <p>Stakeholder feedback resulted in no longer administering the California Healthy Kids Survey. Due to our non-classroom based model and because the school encompasses 13 separate facilities over four different counties, the data was not relevant to our school. Instead the local Student Satisfaction Survey will be used for data to determine a safe climate.</p>

Goal 4

Increase parent/community involvement for the purpose of enhancing student learning.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	The actions/services associated with Goal 4 are for the purpose of increasing parent involvement. As a non-classroom based, independent study charter school, parent participation in their student's education is required as some or most of the instruction is carried out by the parent. With that said, Mattole Valley Charter School still seeks additional parent involvement in a variety of ways. The parent satisfaction survey was administered by having teachers email the survey link to the parents of their students. Mailings and flyers were created and distributed by each individual learning center for school events. These events included Open House nights, Back-to-School Nights, parent meetings and performances. The website remains current and up-to-date with information relevant to parents, including announcements, parent surveys, Charter Council agendas and minutes. The website also has a parent/student resource section. Each learning center distributes calendars and newsletters in order to keep parents informed of school events and information. A school calendar is also distributed to all parents. Individual learning centers distributed handbooks, but the school has yet to create one master school handbook. One major challenge for this task is the difficulty to make a uniform school handbook when each learning center is so unique.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Overall, our efforts to increase parent participation and engagement were very successful as evidenced by the increase in parent participation in the LCAP survey from 9 parents to 70 parents and the increase in parent attendance of LCAP meetings from 46 to 67. Parents were also involved more in school events and volunteering opportunities, with a 7% and 19% increase respectively.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	When the 2016-2017 LCAP was written, money was budgeted for creating and distributing a school handbook, as noted in Goal 4 Actions/Services 5. Individual learning centers distributed handbooks however, the school handbook was not created resulting in a \$250 expenditure rather than the \$5,000 expenditure that was budgeted. A school handbook will be created and distributed in the 2017-2018 school year.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	Stakeholder input resulted in Goal 3 and 4 being combined to create one new goal as they were seen to be so interrelated. This new goal is reflected in Goal 3 of the 2017-2018 LCAP.

Stakeholder Engagement

LCAP Year 2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

February 17, 2017 – Admin meeting
March 3, 2017 – Charter Council
March 6, 2017 – Admin meeting
March 6, 2017 - LCAP Survey sent out to parents, staff and students
March 9, 2017 – Beginning's parent input meeting
March 13, 2017 – NCLA parent input meeting
March 20, 2017 – Montessori del Mar parent input meeting
March 23, 2017 – The Learning Center parent input meeting
March 23, 2017 – Diamond View parent input meeting
March 28, 2017 – Campus House parent input meeting
April 6, 2017 – Mattole Unified School District board meeting
April 7, 2017 – Charter Council
June 2, 2017 – Charter Council
June 22, 2017 – Mattole Unified School District board meeting – Public Hearing
June 23, 2017 – Mattole Unified School District board meeting – Board approval
Mattole Valley Charter School does not have a bargaining unit.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Stakeholder feedback resulted in the reduction of the number of goals for the LCAP.

Stakeholder overwhelming reported the need for more targeted instruction by tutors. As a result 4 additional intervention tutors will be employed. (See Goal 1 action 9)

Stakeholder requested the continued support of PBIS and AVID. More teachers will attend the AVID summer institute and our PBIS consultant will continue to be used.

Stakeholders determined that the CHKS data was not relevant for our school. AVID is seen in Goal 1 action 13 and PBIS is seen in Goal 3 action 6.

Stakeholder feedback resulted in the removal of ACT participation as a local indicator.

Stakeholders requested a messaging system to encourage parent engagement. As a result, School Messenger will be purchased as seen in Goal 3 action 5.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

	<input type="checkbox"/> New	<input checked="" type="checkbox"/> Modified	<input type="checkbox"/> Unchanged
<u>Goal 1</u>	Mattole Valley Charter School will improve student performance outcomes in the core academic areas.		

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL _____

Identified Need

This goal will help close the achievement gap within ELA and is needed based on the English Language Arts indicator of the California School Dashboard. Our overall scores are 9.1 points below level 3 (Met Standards), 69.5 points below level 3 for our students with disabilities and 33.1 points below level 3 for socioeconomically disadvantaged students. All of these fall within the yellow zone.

Goal 1 will help close the achievement gap within Mathematics and is needed based on the Mathematics indicator of the California School Dashboard. Our overall scores are within the yellow zone and are 31 points below level 3 (Met Standards). For our students with disabilities, their scores fall into the red zone in this category at 81.9 points below level 3 (Met Standards). Students who are socioeconomically disadvantaged fall into the yellow zone in this category at 52 points below level 3 (Met Standards).

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

New Modified Unchanged

Goal 2

Mattole Valley Charter School will ensure that all students have access to an appropriate education and are provided ample opportunity to learn in environments that reflect 21st century learning.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL _____

Identified Need

This goal is needed because available research sends a powerful message that 21st century high school teaching will require more than high-quality content-area instruction. Instead, high school preparation must intentionally and explicitly lead to college and career readiness. When high schools are organized around the provision of high-quality, postsecondary preparation and support, and schoolwide expectations hold all adults responsible for supporting all students through postsecondary planning and college-going pursuits, students perform at higher levels than their peers in similar schools (Ascher et al., 2007).

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Number of teachers misassigned	0	0	0	0

Condition of facility	Good	Good	Good	Good
Access to standards-aligned instructional materials	100%	100%	100%	100%
Implementation of academic content and performance standards	100%	100%	100%	100%
EL access to programs and services to gain academic content knowledge/proficiency	100%	100%	100%	100%
Broad course of study in all subject areas	100%	100%	100%	100%
Programs and services developed and provided to unduplicated pupils (one-on-one tutoring, small group instruction, AVID, RTI)	100%	100%	100%	100%
Programs and services developed and provided to exceptional needs students (one-on-one tutoring, small group instruction, AVID)	100%	100%	100%	100%

PLANNED ACTIONS / SERVICES

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

New

Modified

Unchanged

Goal 3

Mattole Valley charter School will improve school climate and parent/community involvement to promote and cultivate a positive, safe environment for all.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8

COE 9 10

LOCAL _____

Identified Need

The California School Dashboard shows that an identified need for Mattole Valley Charter School is to lower the suspension rates of our students, which is at 0.8% for all students and falls into the yellow zone. Students who are socio-economically disadvantaged have a suspension rate of 0.7% which falls into the yellow zone. Students with disabilities have a suspension rate of 1.5% which falls into the orange zone. The suspension rate for our Native American students is at 2.5 % and falls into the orange zone.

Another identified need based on the California School Dashboard is related to increasing graduation rates for all students. Our graduation rate for all students is 71.4% which falls into the yellow zone. For our socioeconomically disadvantaged students the graduation rate is 72%, which falls into the yellow zone.

Finally, this goal is needed because there is much research linking the importance of parent involvement in school with student success. According to the 2002 research review *A New Wave of Evidence: The Impact of School, Family, and Community Connections on Student Achievement*, Anne T. Henderson and Karen L. Mapp conclude that there is a positive and

convincing relationship between family involvement and student success, regardless of race/ethnicity, class, or parents' level of education.

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20

LCAP Year

 2017-18 2018-19 2019-20**Estimated Supplemental and Concentration Grant Funds:**

\$ 895,651

**Percentage to Increase or Improve
Services:**

17.47 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The actions and services in Mattole Valley Charter School's LCAP are targeted toward supporting students with the greatest need and/or the lowest performance. An examination of students who are failing to meet expected outcomes revealed that students who are English learners, foster youth, homeless, and/or low income are continually overrepresented. The remaining students who are struggling do not fall into one of the targeted groups of students but are enrolled throughout the four counties being served by the school.

Each student who is not meeting expected outcomes has a need for tiered services, more skilled teachers, and access to a strong Common Core-based instructional program. By distributing focused actions and services through school wide or targeted services as appropriate, we intend to increase the rate of student success and reduce those in any demographic group who require services through special education services in order to be successful.

This year's LCAP includes actions and services intended to support both academic and social-emotional growth and success for students. Programs or services targeted to specific groups are included, as well as other actions or services that support our ability to meet the needs of struggling students regardless of where they are served. These actions/services are principally directed to the unduplicated students and are effective in meeting the needs of the unduplicated count.

The following are actions/services that are being funded by the Supplemental/Concentration grant and provided on a schoolwide or LEA-wide basis.

Goal 1 action 2 Employ highly qualified content area specialists to provide resources to staff and students, primarily directed to unduplicated youth in order for them to make progress in content area standards. \$450,814

Goal 1 action 6 Employ EL coordinator to administer CELDT test and support EL students. \$46,305

Goal 1 action 7 Offer academic, college/career and social/emotional counseling primarily directed to unduplicated youth. \$98,895 and \$48,806

Goal 1 action 8 Employ instructional aides to work with students in core academic areas, primarily focusing on unduplicated youth not excelling in Common Core State Standards. \$183,227

Goal 1 action 10 Provide curriculum, home and school supplies for unduplicated students. \$55,273

Goal 1 action 11 Provide internet and laptops to unduplicated students. \$4,000

Goal 1 action 13 Broaden the school AVID program for college and career readiness opportunities for all students, primarily directed to unduplicated youth. \$6,000

Goal 3 action 6 Expand and continue implementation of PBIS to support all students, primarily unduplicated. \$2,500
